INVITATION to the EUROPEAN DAY OF POPULAR SPORTS ASSOCIATIONS 9 May 2023

IVV-Europe is pleased to invite for the second time to the "European Day of Popular Sports Associations". This year, 9 May has been chosen as the day to actively create a tangible sense of togetherness. This day, "the" Europe Day par excellence, in commemoration of the birth of Europe and celebrated for peace and unity in Europe, really suits this purpose!

Let us celebrate this day in honour of our members, let us honour them for their affiliation to the association, their solidarity and loyalty, their work in the interest of the association.
Let us present the associations, our associations, as a community, as a place of integration and inclusion.

On this day, 9 May 2023, we call on all associations to invite people to a social gathering, to offer a day of meeting in the association, to offer a social, cultural or culinary activity for their members. The community created in this way serves to promote mindfulness and creates incentives to join an association.

As an encouragement and as a sign of gratitude, each participating association/ National Federation will be awarded with a certificate issued by IVV-Europe !

Promote your association, publish the day on your homepage, on your Facebook page, in the local press.

Send us pictures, a report, we will be happy to post them.

Let's show that our associations are alive !

Let's live the European idea !

Let's live IVV-Europe !

Let's live the IVV-Popular Sports Associations - Let's live our IVV-clubs !

**EUROPEAN DAY OF
POPULAR SPORTS
ASSOCIATIONS**

Please use the logo provided by IVV-Europe free of charge. The associated certificate will be sent to the interested national associations and associations, personalized on request, for printing.
